

## INTRA HOOF-SOL BATH

### 1 IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY

|                     |                                                                                          |
|---------------------|------------------------------------------------------------------------------------------|
| Product             | Intra Hoof-Sol Bath                                                                      |
| Supplier            | Intracare B.V.<br>Voltaweg 4<br>5466 AZ Veghel - The Netherlands<br>Tel.: +31-413-354105 |
| Emergency telephone | +31-6139-42297 (Fax.: +31-418-591231) Intracare B.V.                                     |

### 2 HAZARDS IDENTIFICATION

**European classification & labelling according to GHS regulations (EU) 1272/2008 (CLP):**  
Not a dangerous good.

**Other classification**  
Keep out of reach of children. For external use only.

### 3 COMPOSITION/INFORMATION ON INGREDIENTS

This product is to be considered as a product in compliance to EC directive 67/548/EC

#### Composition / information on ingredients

| Number | % w/w   | Name           |
|--------|---------|----------------|
| 1      | 50 – 75 | Copper chelate |
| 2      | 2 – 25  | Zinc chelate   |

**Other Information:** none

### 4 FIRST AID MEASURES

|                      |                                                                                                                                                             |
|----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Symptoms and effects | No typical symptoms and effects known.                                                                                                                      |
| General              | In al cases of doubt, or when symptoms persist, seek medical attention.                                                                                     |
| Inhalation           | Move to fresh air. If symptoms persist, seek medical advice.                                                                                                |
| Skin                 | Wash off with plenty of soap and water.                                                                                                                     |
| Eye                  | Rinse thoroughly with plenty of water. Eyelids should be held away from the eyeball to ensure thorough rinsing. Seek medical advice if irritation persists. |
| Ingestion            | Rinse mouth. Give water to drink. Induce vomiting. Induce                                                                                                   |

## INTRA HOOF-SOL BATH

vomiting in unconscious or confused persons. Seek medical advice.

---

### 5 FIRE-FIGHTING MEASURES

---

|                                |                                                        |
|--------------------------------|--------------------------------------------------------|
| Extinguishing media            | Water spray, foam, carbon dioxide, dry chemical powder |
| Unsuitable extinguishing media | None                                                   |
| Specific exposure hazards      | None known                                             |

---

### 6 ACCIDENTAL RELEASE MEASURES

---

|                           |                                                                                               |
|---------------------------|-----------------------------------------------------------------------------------------------|
| Personal precautions      | For personal protection see Section 8.                                                        |
| Environmental precautions | Collect as much as possible in a clean container for (preferable) reuse or disposal.          |
| Methods for cleaning up   | Flush remainder with water (absorb the remainder with e.g. vermiculite). See also section 13. |

---

### 7 HANDLING AND STORAGE

---

|                      |                                                  |
|----------------------|--------------------------------------------------|
| Handling             | General advise: use personal protective clothes. |
| Storage requirements | Store in a cool place and in original package.   |

---

### 8 EXPOSURE CONTROLS/PERSONAL PROTECTION

---

|                      |                                                                 |
|----------------------|-----------------------------------------------------------------|
| Engineering controls | Avoid contact with eyes. When using do not eat, drink or smoke. |
| Exposure limits      | No exposure limits have been established for this material.     |
| Personal Protection  |                                                                 |
| Respiratory          | None                                                            |
| Hand                 | Use protective gloves                                           |
| Eye                  | Wear eye/face protection                                        |
| Skin and body        | The usual precaution for handling chemicals should be observed  |

### 9 PHYSICAL AND CHEMICAL PROPERTIES

---

|                              |                         |
|------------------------------|-------------------------|
| Appearance                   | Liquid                  |
| Colour                       | Green                   |
| Odour                        | Typical                 |
| Flash point                  | Not relevant            |
| Flammability                 | Not relevant            |
| pH                           | Approx. 6.5             |
| Density                      | 1,25 kg/dm <sup>3</sup> |
| Solubility in water          | Good                    |
| Solubility in other solvents | Not determined          |

---

### 10 STABILITY AND REACTIVITY

---

|           |                                                                          |
|-----------|--------------------------------------------------------------------------|
| Stability | Stable under recommended storage and handling conditions (see section 7) |
|-----------|--------------------------------------------------------------------------|

Hazardous decomposition products None known

---

### 11 TOXICOLOGICAL INFORMATION

---

|      |                                                              |
|------|--------------------------------------------------------------|
| Name | No experimental data are available on the substance of such. |
|------|--------------------------------------------------------------|

---

### 12 ECOLOGICAL INFORMATION

---

|                            |                                                                                                                                   |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Name                       | No experimental data are available on the substance of such.<br>From structurally related products the following may be expected; |
| Fate<br>Degradation Biotic | Readily biodegradable                                                                                                             |

### 13 DISPOSAL CONSIDERATIONS

---

|                               |                                 |
|-------------------------------|---------------------------------|
| <b>Product</b>                | According to local regulations. |
| <b>Contaminated packaging</b> | No specific recommendations     |

---

### 14 TRANSPORT INFORMATION

---

|                  |                |
|------------------|----------------|
| <b>ADR Class</b> | Not restricted |
|------------------|----------------|

---

### 15 REGULATORY INFORMATION

---

This material has been classified according to the requirements of implementing the United Nations “Globally Harmonized System of Classification and Labelling of Chemicals” (GHS), EU Regulation 1271/2008 on the Classification, Labelling and Packaging of Substances and Mixtures (the CLP Regulation) and the Chemicals (Hazard Information and Packaging for Supply) Regulations 2009 (CHIP 4).

#### **Special labeling of certain preparations**

Use aerosols safely. Always read the label and product information before use.

#### **Safety, health and environmental regulations/legislation specific for the mixture**

This safety datasheet complies with the requirements of Regulation (EU) 1272/2008 (CLP).

---

### 16 OTHER INFORMATION

---

This information only concerns the above mentioned product and does not need to be valid if used with other product(s) or in any process. The information is to our best present knowledge correct and complete and is given in good faith but without warranty. It remains the user's own responsibility to make sure that the information is appropriate and complete for his special use of this product. Product is for external use of claw treatment. This product is unfit for animal and human consumption.

#### **History**
