

MS TOPFOAM ANIMAL

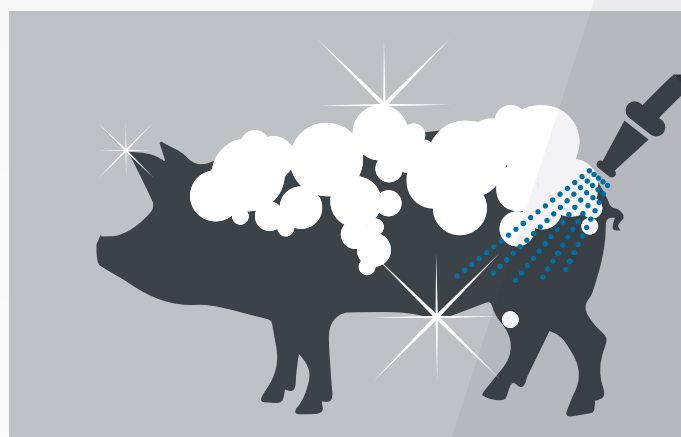

MS TopFoam Animal is a livestock shampoo for washing animals.
A clean animal contributes to overall hygiene.

- Removes staphylococci and streptococci by washing the skin & coat
- pH Neutral
- Contains the natural ingredient propolis

Washing an animal with water takes **4 minutes** and not all faecal matter comes off.

Washing an animal with water and soap takes **3.5 minutes** and the animal is completely clean.

Soaking with shampoo:

- Gives TopFoam Animal time to break apart the contamination
- Ensures that faecal matter is loosened from the animal
- Makes cleaning the animal easier
- Speeds up the time it takes to wash the animal
