

MS T&T (Truck & Trailer super cleaner) Spec Sheet

MS T&T Cleaner (Truck & Trailer) is a very powerful and safe cleaning agent for cleaning any means of transportation (i.e. Cars, trucks, trailers, tractors, etc.) and lacquered surfaces (i.e. agricultural implements and milking robots).

**Characteristics of MS T&T Cleaner:**

- Removes dirt perfectly even at low concentrations
- Good adhesion, so pollution and road dust will be removed after one treatment (if used correctly)
- Difficult debris such as flies are easily removed after a short soak
- Surfaces gains back original shine if used on a regular basis, especially stainless steel
- Safe for lacquered (painted) surfaces
- Suitable for cleaning vehicles, boats, floors, walls and machines
- Suitable for high pressure washers
- Streak free
- Bio-degradable, safe for the environment

Administration:

- Remove coarse dirt and if possible rinse shortly with water
- Dosage: 1.0-3.0%
- Use a higher concentration in case of strong pollution
- Soaking time: 1-5 minutes
- Longer soaking time in case of extreme pollution
- Do not allow to dry out
- Temperature: cold
- Hose down with water
- No deterioration of the common materials of vehicles (less to not suitable for some types of aluminum and chromium). This can be tested by applying the product on a small surface with a short contact time

Dosage:

1 L will cover 1000 ft²

For T&T Cleaner it will be at 2 liters per wash to clean a semi (tractor + trailer unit).

A regular field tractor will need half a liter.

A pickup truck; less than half a liter, perhaps a 1/4 of a liter.
