farmersdepot.ca

Elanco™

Debantic® 50 WP is a wettable powder concentrate insecticide for use as a premise spray for livestock and poultry barns or for direct use on poultry.

Group 1 Insecticide, use Debantic 50 WP as part of an overall integrated pest management (IPM) program.

BROAD SPECTRUM

- Effective against a wide variety of pests including flies, lesser mealworm (darkling beetle), lice, mites, fowl ticks and maggots

ACTIVE INGREDIENT

- Tetrachlorvinphos 50%

VERSATILE

- For use in facilities for beef and dairy cattle, swine and poultry
- Can be used as a mid-flock treatment. Debantic is safe to apply when birds are present

EFFECTIVE

- Up to 5 weeks residual activity¹ with beetle reduction up to 99%*

APPLICATION INFORMATION

- Apply with conventional power or low-pressure knapsack sprayers
- For control of beetles, mix 20 g per litre of water and apply 1–4 L per 100 m² (refer to label for mixing instructions for other pests)
- For indoor use only
