warmer conditions.
60 °F - 90 °F

SHUFIX

BLACK MAGIC

**WINTER
VERSION**

to be used under the
hardest conditions.
below 60 °F

Best retention in
today's market

BEST BLOCK RETENTION IN TODAY'S MARKET

Results in fewer lost blocks. Cows heal faster.

FULLY SET IN 90 SECONDS

Less waiting time for the glue to set.

THIXOTROPIC VISCOUS

More economical in use, less adhesive pressed to the side.
On average 1 block more per cartridge.

OPEN TIME

Gives you more time to position the block properly.

PROLONGED ETCHING

Due to open time, this is where the MAGIC happens.
